APPLICATION FOR SAFETY OFFICER PRACTICAL EXAMINATION

In order to qualify to challenge the practical and written examinations for Safety Officer, the applicant must have achieved Fire Officer-I certification.

The practical examination for Safety Officer shall be the completion of a written outline of the Safety Officer's role, duties, and responsibilities in accordance with appropriate NFPA, OSHA, and other standards given an incident scenario provided by the Commission. The applicant will be provided the incident scenario in a written examination setting and will have up to 2 ½ hours to complete the outline. This outline will be evaluated by a Committee of the Commission which will meet prior to a regularly scheduled Commission Meeting on an as needed basis. Successful completion of this outline will qualify the applicant to challenge the written examination for Safety Officer.

Results will be sent to the applicant at the address listed below and the sponsoring fire department. If the applicant successfully completes this practical examination, the department may then submit the Application for Examination for this applicant to challenge the written examination for Safety Officer.

The Tennessee Commission on Fire Fighting Personnel Standards and Education requires the applicant to bring a government issued ID in order to be admitted to any examination.
